

July 1 1983

Dear Robert,

This check is not for the repairs to the Cemetery Mausoleum - We (Jack and I) were told to leave the work alone - It was not ours to have anything to do with. Jack wanted to do exactly what you have done - the same way. I understand it is a great job (Pat Carter) - He wanted to do it within days but that way was not suitable

do it at a ³ reasonable cost. Now he says "they own it, they say, and I'm to stay out of it - So does my money." He was deeply hurt!

This check, now that I have an address for you is first for the "Northeastern Pennsylvania" the amt owed and \$50 for the Cemetery Ass. for having the ^{foreign} to get you on their board - \$5⁰⁰ for Carbondale Membership dues in the C.P.O.L.A. organization and \$25 (quietly) for you for your

to my son & daughter. They didn't want the ^{concrete} use of Cinder blocks - They wanted it poured in with Cement and Kathleen knew someone who would do it. Jack wouldn't do that because of the costs and they asked him to stay out of it - It wasn't his concern! So, he withdrew his offer to pay for & do the work. I don't blame him - he was anxious to get it sealed up and

(over)

work on this mess (Cemetery) The balance for new Subscriptions for me of the "N. E. Penna paper".

— Or, if the ants are wrong just juggle them around.

You are doing great work and I follow with interest all I can.

Sincerely

Marguerite
